To thank all the people who implicitly shaped the coming-together of this recital would take longer than the total number of minutes of sound you will hear this evening, so I will mention those who have played a direct and inextricable part in making this program possible: my parents, Anthony Burr, Jessica Flores, Dan Ross, Michael Matsuno, Jacob Sundstrom, Johannes Regnier, Brady Baker, Marta Tiesenga, Martin Rane Bauck, Kyle Motl, Celeste Oram, and T.J. Borden. Thank you.
