Extra Credit (Due Tuesday 02/28/06):

Implement in Pd the trumpet example of Figure 5.12 from the Dodge text.

Grading will be as follows:

50% - Correct implementation
25% - Implement monophonic MIDI control of the patch, including note events and controllers for vibrato rate and depth
25% - Neatness and organization

Your score on this extra credit assignment can be used to add up to 40 percentage points to either your score from assignment 1 or assignment 2, with scores not to exceed 100% for either assignment.
